Mobi2Go

Online Ordering Made for Hospitality

Looking to take your business to the next level?
Boost sales with an integrated online ordering solution.

Don't break the bank to compete with the big boys. Let us build your site, integrate with your Idealpos system, and provide your customers with an online ordering experience like no other.

IDEALPOS INTEGRATION

Integrates with your Idealpos system. Orders magically appear in your POS in real-time - no double handling.

BRANDED STOREFRONT

Embeds into your existing website or Facebook page - allow your customers to order online. Easy to use and mobile friendly, customised to your branding.

BRANDED IPHONE / ANDROID APPS

Let your customers order from your own branded mobile app available from the Apple App Store and Google Play Store.

MANAGE YOUR ONLINE STORE

Easily track your sales, update your menu, create promotions through the Mobi2Go admin app.
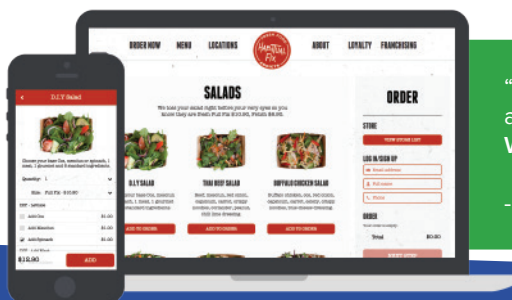

ONLINE PAYMENTS

Let your customers prepay online with their credit or debit card. Getting set up is easy.

ONGOING SUPPORT

We provide great ongoing technical support, so we're there when you need us.

"The Mobi2Go Platform has allowed us to reduce in-store wait times and provides an innovative service to our customers.
We currently generate at least 25% of our revenue through Mobi2Go."

- James Tucker, Habitual Fix
