*idealpos*7Update History

Build 23

Update Details:

Enhancements

- * [IP-206] Hourly report to display when items added to tables/bar tabs
- * [IP-426] Option to Inhibit Points when selling Gift Vouchers
- * [IP-424] Database maintenance schedule modification in Activity Log

Yes/No Options

Option to Inhibit Points when selling Gift Vouchers

This option will prevent loyalty points from being accumulated on Gift Voucher purchases.

Go to Setup > Yes/No Options > Customers > Inhibit Points on Discounts/Promotions.

Inhibit Points on Gift Voucher Sales
 Points will not accumulate when selling a Gift Voucher
 In oit Points on Discounts/Promotions
 Inhibit Points on Gift Voucher Sales

Activity Log

Database maintenance schedule modification in Activity Log

By default, any changes made to the Database Maintenance Schedule will be logged in the Activity Log.

Activity Lo	3	*
POS 1 Datab	ase Maintenance modified	-

09 Sep 16	11:23:38	1		Database Maintenance modified

Reports

Hourly report to display when items added to tables

A new option has been added to the Hourly Sales Report to show when items have been added to tables. This will allow you to break down when busy periods might be more frequent and allow you to staff more effectively.

Go to Reports > Sales > Hourly Sales > Options: Items sent to Tables.
